HISTORICAL

Cranberry Isles was set off from Tremont March 16, 1830, and incorporated as a town under the name of Cranberry Isles.

The first board of selectmen was Samuel Hadlock, Enoch Spurling and Joseph Moore.

The town is composed of five islands—Great Cranberry island, Little Cranberry island, Sutton island, Baker's island and Bear island.

For years the town maintained schools on four of the five islands. Later it was found advisable to discontinue Sutton and Baker's island schools, and at the present time we have two graded schools employing four teachers.

In 1904 the present school building on Great Cranberry island was erected to replace the two old buildings and the schools combined.

In the year 1913 we felt the need of a better and larger school building on Little Cranberry island, and at the annual town meeting it was voted to build the present schoolhouse.

In the year of 1907 the New England Telephone Company extended its lines to our islands, bringing us in much closer touch with our neighboring towns.

An agreement was made in 1928 with the Bangor Hydro-Electric Company to furnish Great and Little Cranberry islands with electricity, and on September 28 of that year electric lights were shining in many homes.

In 1932 an agreement was made with the Bangor Hydro-Electric Company, and its service was extended to Sutton and Bear islands.

For many years the chief industry was fishing, but for the past thirty years yachting has played a large part. There are several boat storage and repair yards.

Perhaps the most interesting place in town is the Islesford Collection Building and its contents of a large variety of antiques and relics of bygone days. It was founded several years ago by our friend and neighbor, William Otis Sawtelle, a resident of this town. Mr. Sawtelle has done a great deal in bringing some of our old family records to light and up to date, properly filed for quick reference. A visit to the museum will convince you that your time is much too short to see and appreciate all of Mr. Sawtelle's work.

**REPORT OF THE

To the Superintending School Committee and Citizens of
Cranberry Isles:

Teachers and Salaries

Islesford primary, Geneva Spurling, per week.....	\$20.00
Islesford grammar, Barbara Rice, per week.....	19 00

G. C. I. primary, Dorothy Spurling, per week.....	19 00

There have been two changes in the teaching force, viz: Barbara Rice in place of Verna Whitney, resigned; Dorothy Spurling in place of Charlotte Sadler, resigned. Both of these new teachers are local girls, graduates of normal school, and come well recommended in their respective lines of work. Cranberry Isles has the distinction of having a complete force of local teachers and all normal graduates.

Following is the number of pupils in each grade and in each school:

	Boys	Girls
Grade 1	4	7
Grade 2	2	3
Grade 3	2	4
Grade 4	7	2
Grade 5	4	5
Grade 6	3	2
Grade 7	1	3
Grade 8	4	2
Grade 9	4	1
	—	—
Total	31	29

Islesford, 22 pupils; G. C. I., 38 pupils; total, 60 pupils. This is a gain of 5 pupils over last year.

The pupils have been supplied with everything necessary; new modern books have been added. The attendance, work and discipline has been excellent.

There are six students receiving higher education in different schools of the State, as follows:

Southwest Harbor	4
Ellsworth	1
Mount Desert	1

I strongly recommend that the Islesford school be renovated inside. Whereas this building presents a very attractive appearance on the outside, it is far from satisfactory on the

inside. Nothing has been done to the interior since it was built.

In closing, I wish heartily to thank the superintending school committee and citizens for their hearty cooperation and support during the year.

Respectfully submitted,

W. E. CLARK,

Superintendent of Schools.

**REPORT OF THE
